

PPC's Accounting and Financial Statements Library

PPC's complete line of Accounting & Auditing guidance and e-Practice Aids is now available on the industry leading online platform, Checkpoint®. The combination of PPC's expert guidance delivered on the powerful Checkpoint platform provides accounting and auditing professionals with a line of integrated accounting and auditing research, guidance, and workflow tools that is unmatched in the industry.

Now, accounting firms can experience significant productivity gains by looking to one platform – Checkpoint – for all of their research, guidance and workflow needs. With this new launch, accounting professionals subscribing to Checkpoint have access to all of their accounting and auditing resources – PPC, RIA, WG&L, AICPA, FASB, GASB and SEC material, as well as tax research and guidance materials, including BNA, all on Checkpoint.

All PPC titles launched on Checkpoint are available for purchase individually or as part of a bundled library package. The e-Practice Aids are available separately for many of the products within the libraries.

PPC's Accounting and Financial Statements Library covers all of the accounting guidance you need to serve your clients. It includes:
