Thomson Tax & Accounting is the leading provider of financial compliance information services to financial professionals in both public and private corporations. Concise analysis, useful examples, and invaluable tools ensure that you prepare financial statements and disclosures accurately and efficiently, in full compliance with the latest regulations.

Complete libraries of source materials from the SEC, PCAOB, FASB and AICPA are integrated with expert analysis. This information can be easily accessed on Checkpoint®, Thomson Tax & Accounting's award-winning online platform. Checkpoint provides you with one centralized, comprehensive and easy-to-use resource to meet all your compliance needs.

Sarbanes-Oxley Reporter

Overwhelmed by the amount of materials you are forced to wade through to find the Sarbanes-Oxley Act and PCAOB compliance answers you really need? Now you can easily focus on Sarbanes-Oxley-specific materials in a breakthrough research format, with the most comprehensive and easy to navigate SOX resource available – the **Sarbanes-Oxley Reporter**.

Finally All the Materials You need to Comply in ONE PLACE

Access the actual text of the Sarbanes-Oxley Act, section by section, quickly and easily with the most comprehensive and easiest to navigate Sarbanes-Oxley resource available. Each section of the Act is linked to explanations, observations, viewpoints, case annotations, PCAOB, SEC releases and more.

In ONE PLACE find:

— Interpretative Guidance

- **Explanations** of SOX issues written by RIA's expert editorial staff include Observations, Cautions, and Illustrations. Explanations provide in-depth analysis and real-life examples, such as sample financial disclosures from various companies, to help you gather best practice information.

- **Viewpoints** include the insights of our renowned expert authors, giving the reader the author's "take" on an issue with a link right to the referenced section. Among these authors are Hilton and Hardesty from Director's Guide to Sarbanes-Oxley Compliance, and John Bostelman from PLI's Sarbanes-Oxley Deskbook.

- **Annotations** of SOX-related court decisions, PCAOB disciplinary proceedings and inspection reports, and SEC Accounting and Auditing Enforcement Releases, providing real world examples.

- **Headnotes** at the top of every case give you a quick summary of the major rulings in the case.

- **Practice Aids** such as checklists, client letters, and inter-office memoranda.

— All official materials:

- The Sarbanes-Oxley Act of 2002
- SEC and PCAOB materials related to Sarbanes-Oxley
- Committee Reports
- Case law covering the Act
- Related cases with annotations
- And More

Find the Information You Need, Your Way

With the **Sarbanes-Oxley Reporter**, even though you will be working in the largest library of SOX and PCAOB material, you'll be able to dive right down to the information you need. The Reporter also allows you to choose your preferred research method:

- **Topical research:** Use a topical index or a customized search template to narrow your search to specific topics, such as fraud, risk assessment, or issues involving internal controls.
- **Keyword searching:** Checkpoint's powerful search engine quickly brings up all related material for any keyword. You can also narrow your search by choosing specific sections of the Table of Contents to search.
- **Browse through the Table of Contents:** You can quickly browse through Sarbanes-Oxley Act sections in the Table of Contents. Each Act Section is followed by related SEC and PCAOB source materials, Committee Reports, in-depth Explanations, and case and enforcement action Annotations.
- **Search by citation:** If you know the specific documentation you are looking for, simply type it into a citation wizard to jump right to that document and all related material.
- **Create a customized directory of your most often used links:** On your Checkpoint homepage, you can easily create a list of links to the material you need the most.
- **Keeping up-to-date on fast changing information:** With your Sarbanes-Oxley Reporter, you also can easily keep up to date on the latest legislation, rulings and guidance in two ways:
 1. **Corporate Finance Update:** This email and online newsletter keeps you informed of all the new developments in SEC & GAAP compliance, activity from the PCAOB, AICPA, FASB, GASB, IASB, and any other events that impact your work. You will also be notified of any RIA product updates. The newsletter is conveniently emailed directly to you weekly.
 2. **Scheduled Searches:** Acting as a personal clipping service, this tool allows you to save a particular keyword search and set it to rerun at regularly scheduled times that you choose. You will be notified by e-mail only when the search turns up new information.

When You Are Ready To Dive Deeper:

Only **Sarbanes-Oxley Reporter on Checkpoint** gives you true one click linking to related material, whether you are moving from official source material to expert guidance, or visa versa. Links at the top of any document and throughout the document link you to all the related material from **Sarbanes-Oxley Reporter** and from any other corporate governance, SEC Compliance, GAAP Compliance, or Internal Auditing material that you subscribe to on Checkpoint.
